Save Doraemon
The user guide step by step

1. First you have to install DrRacket

2. Open the .rkt file called model2.rkt

3. Type in the interaction area "(main case-1)"

4. To start the page press "ENTER"

5. To play the game you have to jump; press "SPACE" to jump

6. You can try your luck eating the dorayaki sweets;
    the gap between the pillars will either increase or decrease
    with 50 50 odds.

7. If you are too good at this game and you have to go eat
    some Dorayaki in real life
    you can quit the game pressing "Q"

8. Good luck!
